## Presidents Report

It's hard to believe that it's been 30 years since my wife Kathy and I joined QRC. We joined for several reasons. The beautiful settings, the horse shows, and at that time we actually boarded our horse here. We have enjoyed many good times and cherished each found memory..

We held our sons high school and college graduation parties in the Bit and Spur Pub.

I can remember years ago when I was ask to organize a private party for the Medical Center. I gave the sponsor several choices including private Country Clubs and QRC. They had never been to QRC and so the event was held here. They enjoyed it so much that they booked it again for the following year.

But the horse shows were my favorite. Seeing all the beautiful horses and experienced rides was probably the main reason Kathy and I continued as members. We met many fellow members over the years and developed lifelong friendships.

I think over the years we as members have somewhat taken QRC for granted in that we know it's there for our enjoyment but do not appreciate the unique opportunity the club presents to those that come as quest and who find the club to be a "one of a kind" and on many occasion enjoy the opportunity to be here more than that or our members.

I honestly never thought that I would EVER serve as President of QRC and I'm sure my term and approach of president will differ from many past Presidents in numerous ways.

I think that in order for any President to be successful, be it QRC or any other organization or even in Politics for that matter you need to surround yourself with those that know much more than you do in any given area. Be it horse shows, grounds, clubhouse or membership. No one person can be an expert in all categories.

First I would like to say that I feel you have a great board of directors who have spent the last month developing their teams of committee members. The backbone and success of the club will fall on their decisions, dedication and efforts. Much more than what the President can bring to the table alone!

As President I will hold the board members responsible in performing their duties in the best interest of the QRC, its members and guests, but will allow them the opportunity to function independently and as they feel appropriate. I will support efforts. The negativity that I can control will cease.

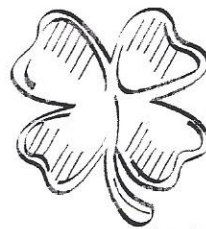

On a positive note I'm very excited about what the year has to offer our members and guests. Many special events, a full schedule of horse shows including the club taking over the entire fall event. The first annual Fare, the completion of the long awaited RT 419-72 expansion project and numerous social activities for everyone's enjoyment.

I look forward to the opportunity to serve as your president and each member will be provided a list of Board members their committee assignments and committee members. Please use them as a tool. Reach out to them, please talk to them about your questions or concerns and let's all try to make this the best year possible.

Sincerely presented

Larry Minnich

President QRC

FREE ADMISSION TO MEET SOME HORSES FOR ALL REGULAR, SOCIAL AND BIT  
N SPUR MEMBERS.

### Horse Show Committee Vision Statement

Your horse show committee expects to continue to co-ordinate quality horse shows and to pursue the bookings of guest horse shows. We look forward to seeing the horse show income being invested into the improvements of the horse show services.

### Horse Show Committee Mission Statement

Your horse show committee expects to participate in activities that have a positive impact towards the improvement of our show grounds.

Many events are held at our club that require several volunteers. We often publish an appeal for additional volunteers but we seldom hear from our members in response to those appeals. This may be because a description of those jobs has not been supplied.

We have 1 show left in our Winter Fun Show Series, on Sunday April 6. This series of shows does not require as many volunteers as the summer series but none the less our usual volunteer group could use some additional help.

The following positions need to be filled:

RUNNER- to hang out with the secretaries and to deliver information to the announcer.

GATE KEEPER-to open and close the in/out gate and to present the ribbons.

PADDOCK MASTER- to inform the exhibitors waiting outside regarding what is happening inside.

We could also use an extra person to help to move the jumps into place. They are heavy. The jumping classes typically start between 1:30 and 2:30 and last around 1 hour. You would not have to stay until the end as the initial setting of the jumps is when you would be most needed.

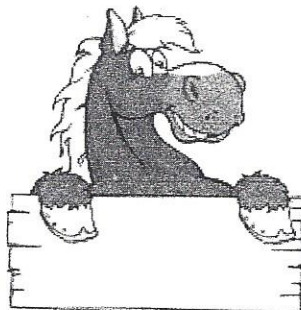

These jobs do not require knowledge of horses or of horse shows. The current group of volunteers will give guidance to the new volunteers.

If you can give some time to your club during our horse shows please contact:

Hannah Salvatore- 610-693-8228 [hannah.salvatore@comcast.net](mailto:hannah.salvatore@comcast.net)

Donali Livinghouse- 610-589-1855 [dlivinghouse@comcast.net](mailto:dlivinghouse@comcast.net)

This committee has been meeting at least 2 times each month to prepare for the quickly approaching season. Thank these people for the successful shows: Hannah Salvatore, Steph Gernert, Bob Kleinfelter, Evalyn Lansbury and Deb Kleinfelter. Others also help at the events, please consider joining us soon.
